

JOB TITLE	Senior Physiotherapist (Full-Time)
LOCATION/DEPARTMENT	Leicester
REPORTS TO	Clinical Lead of Occupational Health Services (North England and Scotland)

A DAY IN THE LIFE AS A PHYSIOTHERAPIST AT IPRS HEALTH, LEICESTER

You will have a wide variety of MSK patients to assess and treat. Your day will predominately consist of the management of face to face patients with musculoskeletal complaints. You will also be provided with additional training and CPD to complete workplace assessments for MSK conditions. We strive for clinical excellence and therefore IPRS Health understand the importance for adequate time to complete your assessments. Therefore, we allocate one-hour slots for each MSK initial assessment, 30 minutes for follow treatments and additional time allocations to catch up on your administration.

As an IPRS Health Physiotherapist we will provide you with a wide variety of skills which will add more variety to your day compared to a typical MSK physiotherapy practice. We also understand the importance of a balanced home and work life and therefore your working days can be flexible based on your circumstances. Furthermore, we understand the importance for clinical development and therefore we offer an extensive CPD and training plan. This is an exciting role that will give you the **option** to take on management responsibilities for the Leicester clinic. No previous management experience is required and full training and support will be provided. This is an excellent opportunity for you to begin to develop your career as a physiotherapist

See <http://www.yourfuture-iprshealth.co.uk/> for more information about working with IPRS Health.

YOUR KEY TASKS AND RESPONSIBILITIES

- You will cover a range of musculoskeletal (MSK) assessments and treatments
- You will work within your scope of practice
- You will complete notes and reports in accordance with IPRS Health, CSP and HCPC standards
- You will treat the patient as a whole using the Biopsychosocial Model
- You will work with your team to meet challenging but achievable goals
- You will take initiative in progressing your individual professional development and clinical effectiveness
- You will maintain good communication and relations with all of your stakeholders
- You will liaise, as regularly as is needed, with your Line Manager and wider IPRS team
- You will manage and prioritise your work tasks
- You will be flexible to undertake any other duties compatible with the grading of the post, as required
